on

Repair work to be done on steam boilers – Qualification of welding personnel and welding procedures applied

Preamble

This agreement is intended to supplement the pertinent rules and regulations. It is a collection of experience made, recommendations and, where required, a concretization of the rules and regulations, which, to the best of our knowledge, reflects the state-of-the-art at its date of publication. This agreement aims at ensuring the operational safety of steam boiler plants and their components.

No liability will be taken for the correctness of the contents of this agreement. Patents and other protective rights shall be clarified under the responsibility of the user.

The associations participating in this agreement would appreciate if further national and international associations/institutions could support and contribute to the development of this agreement.

**Verband der TÜV e. V.
Friedrichstraße 136
10117 Berlin**
