

Requirements for the inspection of material manufacturers according to AD 2000-Merkblatt W 0

**Materials
1274
2020-02-17**

English translation

This translation was presented to the VdTÜV. VdTÜV takes no responsibility for the correctness of the translation. Hints (information) for improvement should be addressed to the VdTÜV. In case of doubt or dispute, the German text only is valid (MB WERK 1274, edition 2018-08-21).

This Merkblatt has been prepared by the responsible technical committee of the VdTÜV. The requirements are based on the essential requirements of national and international standards and imply advanced and raised quality requirements according to the security philosophy of the AD 2000 Code.

The Merkblatt is constantly adapted to the state of the art. Comments shall be directed to the publisher:
